Are there any long-term commitments or cancellation fees?

No. You can upgrade, downgrade, or cancel your subscription at any time. We'll never charge a cancellation fee or ask you to sign a minimum contract.

How do I cancel my trial or monthly subscription?

C canceling can be done easily within the **Billing** tab of your account. You'll continue to have full access to Litmus until the end of your trial or current billing period. After cancellation, you'll retain access to your account until the next time you're ready to use Litmus.

Do you offer day passes or pay-as-you-go subscriptions?

Not at this time. Since all of our subscriptions are billed on a monthly basis without a contract or cancellation fee, you can use Litmus on an as-needed basis. You are welcome to cancel or renew your subscription at any time.

Do you offer non-profit discounts?

While we don't have specific discounts for non-profits or educational organizations, we do offer a discount (two months of free service) when you sign up for an annual account. [Contact us](#) for details!

What is a user? Do I need more than a single user?

Users have their own login, password, preferences and settings in your Litmus account. If more than one person will need to run tests in your account, consider a Premium subscription or [contact us](#) about an Unlimited plan.

Can I make a payment by invoice?

We accept payment by check, bank transfer or PO on subscriptions of 12 months or more (which includes two months of free service). We do not offer monthly invoicing.
